

Media Center Mission:

Our mission is to promote academic achievement at Ubah Medical Academy by providing print and online resources that support teaching and learning initiatives inside and outside of the classroom.

Media Center Literacy Initiative:

Our goal is not only to meet the academic needs of the school community, but to encourage life-long learning among all students. Literacy is the cornerstone of student success, and our aim is to foster a love of literature and reading through the promotion of books and materials in the Media Center that appeal to a variety of student interests.
